Support Pro-Life Legislation in West Virginia!

It has been shown that mothers choose life upon seeing an ultrasound of their unborn baby, therefore West Virginians for Life is working on an ultrasound option requirement bill. Additionally, WVFL will again seek to stop state funding of abortion. West Virginia taxpayers have been forced to pay millions of dollars for abortions since the 1993 *Panepinto* decision. Over $5,000,000 in our tax dollars for an estimated 12,000 abortions...an outrage that *must* stop!

We, the pro-life citizens of West Virginia, join with West Virginians for Life to urge our state legislators to support an Ultrasound Option Requirement Law and to Stop the Taxpayer Funding of Abortion.
