- **Will Abortion Pills be Shipped and Sold in West Virginia?** Dr. Randall Omanin answers the questions regarding the current status of abortion pills in West Virginia? To what extent have efforts by the abortion industry and the Biden administration to get around these laws been successful? How have recent court rulings affected the state's ability to protect its residents? Which current lawsuits are most likely to impact the distribution of abortion pills in West Virginia?

- **Saving Lives Through Elections: Political Messaging in a Post-Dobbs Environment** Karen Cross explains that elections have consequences. The lives of countless unborn children and their mothers hang in the balance, as pro-abortion candidates advocate for unlimited abortion for any reason and using your tax dollars to pay for it. This workshop will teach effective pro-life messaging, strategies for putting the opposition on defense, how to challenge pro-abortion lies, and ways in which grassroots advocates can help pro-life candidates.

- **Medical Practitioners Impacted by Abortion**

Dr. Wanda Franz and Maryann Lawhon will share powerful accounts which capture the damage that abortion inflicts on our medical community.

- **Teen Day Camp** Delegate Riley Keaton and Sadie Keaton will provide pro-life training for teens, so that they can help build the culture of life that our world so desperately needs.

Keynote Speaker

DR. RANDALL O'BANNON

has served as the director of education and research for National Right to Life since 1994. Over the past thirty years, he has tracked and analyzed the latest abortion statistics, monitored the activity of Planned Parenthood, and studied the risks of chemical and surgical abortion methods - sharing this information in fact sheets, lectures, articles, and interviews. Dr. O'Bannon is also the director of the National Right to Life Academy, which trains young pro-life activists to be informed and effective advocates for human life at every age, condition, and stage of development.

KAREN CROSS is NRL's political director. She became involved in the pro-life movement after suffering from her own two abortions. She has successfully lobbied to pass numerous pro-life laws, including West Virginia's 2022 Unborn Child Protection Act. MARYANN LAWHON is the executive director of the documentary "The Voice of John:" an effort to fulfill a promise she made to a little baby after he had been aborted and left to die on a dirty utility room counter - at WVU in Morgantown, WV. She promised to be his voice, and describes that a major purpose of her life was to BE "The Voice of John." Currently a radio show host for JMJ Catholic Radio, "The Voice of John with Maryann Lawhon" features a program which addresses the issues of abortion, infanticide, euthanasia and assisted suicide.
